

## PLUGS NATIONAL SUMMIT

Join us for the annual PLUGS Summit June 13–14, 2024 in Seattle, WA.

The PLUGS Summit is a hybrid event and offers in-person and virtual attendance options. Find additional details about the Summit and registration using the button below.

In-person attendees won't want to miss the Pre-Summit Workshop:

### **Pre-Summit Workshop - In-Person Wednesday June 12th**

Become Your Own Data Analyst: Tools to retrieve and Evaluate Laboratory Data for Stewardship Projects

Hosted by: PLUGS® & UWDLMP

**Speakers:** Steven Cotten, PhD, DABCC, Alec Saitman, PhD, DABCC,

**Description:** PLUGS Summit registrants as well as local or otherwise interested attendees may register. This workshop is targeted to those who would like to develop data retrieval and evaluation skills and will include:

- Introduction in leveraging of data to make evidence-based stewardship decisions
- Hands-on guide to using "Slicer-Dicer" in EPIC to retrieve laboratory data from electronic health records
- Hands-on guide to using Microsoft excel to manipulate and evaluate large data sets

This workshop is an in-person, ancillary event of the PLUGS Summit and is offered for an additional fee of \$125. Space is limited.
